CITY OF CHANDLER  
FEE SCHEDULE  
Effective September 2, 2013  
(Revised) 08/12/2013

- If the through-the-fence area is a property with multiple through-the-fence users on that site, then an association formed by those owners is the responsible party for payment and contact with Airport Management.

If payments are more than 30 days past due, all gate access for that property will be denied until payment is received by the City of Chandler.

- i. Owner-Occupied Hangar ..... \$0.630/SF of Hangar
  - a. This component is based on the operations and maintenance costs of airport common use area for based aircraft.
  - b. The actual annual charge will be based upon the actual square footage of any hangars in the through-the-fence area with taxilane access and which are designed for, or capable of aircraft storage. "Actual hangar area" is established by the plans approved by the City. It is the hangar owner's responsibility to provide Airport Management with a copy of the approved plans or plan sheet showing the approved square footage of the hangar.
  - c. An owner occupied hangar is one that is owned or controlled by the property owner. Conditions for meeting this criteria include:
    - i) The hangar is owned by and its use is controlled exclusively by the applicant. This ownership can be through either:
      - Fee simple ownership; or
      - A long-term lease for the hangar property with a lease term of 10+ years. In this arrangement, the actual annual charge will be equal to the Owner occupied hangar fee described in paragraph 2.8(a).i.a. and b. of this section. However, the annual charge will change to the Non-owner occupied hangar fee described in paragraphs 2.8(a).ii.a. and b. of this section, if any one of the following conditions occur: (a) the long-term hangar lease is terminated prior to the expiration of a 24-month period; or (b) if a new lease entity assumes the long-term lease and the new entity can't provide a viable connection to the prior long-term lessee (i.e., business acquisition, merger, etc.). The Non-owner occupied fee will be in effect for that hangar for any further leasing activity while the then current property owner retains ownership of the hangar. If the long-term hangar lease is terminated before 24 months and the hangar owner provides evidence that only their owned and controlled aircraft will be stored in the hangar, the rate will remain at the Owner occupied hangar fee described in paragraphs 2.8(a).i.a. and b. of this section and will remain at this rate until another change in occupancy status occurs.
    - ii) The aircraft is owned or otherwise controlled by the property owner for which evidence can be provided including:
      - Evidence of clear ownership of the aircraft showing the property owner as aircraft owner. This can be through FAA aircraft registration or other official documentation regarding the ownership or registration of an aircraft.

CITY OF CHANDLER  
FEE SCHEDULE

(Revised) 08/12/2013

- Proof of at least 25% ownership and equal control of the aircraft which shall be affirmed through signature of all owners on the required aircraft control entity form, which shall be provided by Airport Management. In the event of arrangements for an aircraft in which there are multiple owners or partners, a copy of the agreement must be presented to Airport Management. These arrangements for aircraft management, aircraft leasing, interchange agreements, joint ownership agreements or time-sharing agreements must substantially reflect the general guidelines and tenets for the appropriate arrangement as detailed in the National Business Aircraft Association's (NBAA) document titled *2001 NBAA Aircraft Operating & Leasing Package*. The agreements, regardless of aircraft size, must also include the general verbiage requirements detailed in Section (a)(1) and (a)(2) of the *Federal Aviation Regulations (FAR) Part 91.23 – Truth in Leasing*.
- d. Property owners shall notify Airport Management in writing prior to a hangar being used to store an aircraft. The "Annual Access Privilege/Operations & Maintenance Fee - Owner Occupied Hangar" fee will be applied for the period beginning with the first day of the month following receipt of the written notice. - ii. Non-Owner Occupied Hangar.....\$0.950/SF of Hangar
  - a. This component is for any off airport hangar property that is occupied by an aircraft not owned or controlled by the property owner. This condition applies to any situation where an aircraft is in a hangar through a lease or other type of agreement. It also applies to situations in which an aircraft is stored in the hangar that is owned by the property owner AND an aircraft is stored the hangar that is not owned by the property owner. The annual charge is based upon the Owner Occupied Hangar rate described in paragraphs 2.8(a).i.a. and b. plus 50% of that rate.
  - b. The actual annual charge will be based upon the actual square footage of any hangars in the through-the-fence area with taxilane access and which are designed for, or capable of aircraft storage. "Actual hangar area" is established by the plans approved by the City. It is the hangar owner's responsibility to provide Airport Management with a copy of the approved plans or plan sheet showing the approved square footage of the hangar.
  - c. Upon written notification by property owner and aircraft owner to Airport Management, advising a hangar will be occupied by an aircraft controlled by any entity other than the property owner, the "Annual Access Privilege/Operations & Maintenance Fee - Non-owner Occupied" annual charge will become effective in the following manner:

The non-owner rate applicable to any of these conditions will continue for 6-months and will expire on the last day of the 6<sup>th</sup> month of that term regardless of any changes in the aircraft owner status during that 6-month period. The hangar status shall be automatically registered for another 6-month period as a "Non-owner occupied" hangar – *unless* the property owner provides written evidence changing the status of the hangar at least 14 calendar days prior to the current expiration date. 2.9 City Owned, Aviation Fuel Service, Retail Prices

The retail price of aviation fuel shall be per methodology contained below:

- (a) The Minimum Retail Fuel Price is determined by: dividing the annual cost of providing self-serve fueling services by the number of gallons sold for a base cost. A contingency reserve factor equal to the current Retail Fuel Flowage Fee per gallon is added to the base cost. This amount is added to a) the sum of the wholesale cost of the fuel (including all related fees), b) the sum of the federal and state fuel excise taxes and c) county/local privilege taxes.
- (b) The Maximum Retail Fuel Price is determined by obtaining the current advertised aviation self-serve fuel prices for the Phoenix metropolitan area. The second highest fuel price is determined from all currently advertised fuel prices and \$0.05 is added.
- (c) The Final Fuel Price shall be reflective of an amount that is competitive with the other self-serve fuel vendors in the local market. The pump price will be set with the highest price

5.2 Department Registration Based Class, Program and Activity Fees [Ch.§31-21.B]

The Community Services Director has the authority to set registration based class, program and activity fees using the following formulas. This is to allow the flexibility to coordinate with quarterly Break Time publications.

The formulas presented below may include a factor rate, program supplies and costs, or staff costs. The factor rate is a multiplier that allows the standardization of the program fee over different instructors paid at different rates so that the program as a whole over the entire system meets its cost recovery target. The program supplies and costs include all elements of the program including such things as materials, field trips and transportation, food, contractual scorekeepers/officials. The staff costs include any part-time/temporary staff hired to coordinate, oversee or maintain any element of the program.

- 5.2.1 Community Recreation Program (CRP) Classes: Devau – The formula for establishing the fee to participants for special interest classes, such as, arts/crafts, pom and cheer, dance, Spanish, photography, martial arts, ceramics, musical instrument skills, etc., is:

$$\text{Class Length} + \text{Prep Time} \times \# \text{ of days} \times 2.5 \text{ Factor Rate} + \$3 \text{ Admin} = \text{participant cost}$$

- 5.2.2 CRP Classes: Contractual – The formula for establishing the fee to participants for special interest classes, such as, financial planning, computer skills, women’s self-defense, public speaking, advanced robotics, etc., is:

$$\text{Instructor Fee} + 28\% \text{ of Instructor Fee} = \text{participant cost}$$

- 5.2.3 Tumbleweed Recreation Center (TRC) Fitness Classes – The formula for establishing the fee to participants for classes, such as, zumba, racketball, yoga, spin, pilates, tai chi, etc., is:

$$\text{Class Length} + \text{Prep Time} \times \# \text{ of days} \times 4.5 \text{ Factor Rate} + \$3 \text{ Admin} = \text{participant cost}$$

- 5.2.4 TRC Fitness Training – The formula for establishing the fee to participants for individual training is:

$$\text{Instructor Fee} = \text{participant cost} \quad (\text{City receives 50\% of fee from instructor})$$

- 5.2.5 Camp Challenge (participants with disabilities) – The formula for establishing the fee is:

$$\frac{\text{Program Supplies and Costs} + \text{Staff Costs}}{\text{Minimum \# of Participants}} \times 15\% \text{ cost recovery} = \text{participant cost}$$

CITY OF CHANDLER  
 FEE SCHEDULE  
 Effective September 2, 2013  
 (Revised) 08/12/2013

5.2.6 Camps, Adult Sports, and Aquatics – The formula for establishing the fee to participants for classes, such as, building blocks, field trips, intercession and summer camps, adult leagues (i.e., softball, volleyball, etc.), aqua fit, aquatics certification classes plus appropriate Red Cross fee (if applicable), recreation swim teams, semi-private swim lessons, etc., is:

$$\frac{\text{Program Supplies and Costs + Staff Costs} + \text{Appropriate Red Cross Fee (if applicable)}}{\text{Minimum \# of Participants}} = \text{participant cost}$$

5.2.7 Programs and services that address specific user interest offered at fair market value. The formula for establishing the fee to participants for lessons, leagues, and tournaments such as cardio tennis, mixed doubles league, singles and doubles tournaments, etc. is:

Fair Market Value = participant cost

5.2.8 Group Swim Lessons – The formula for establishing the fee is:

$$\frac{\text{Program Supplies and Costs + Staff Costs} + \text{Red Cross Learn to Swim fee}}{\text{Minimum \# of Participants}} \times 85\% \text{ cost recovery} = \text{participant cost}$$

5.2.9 Chandler Youth Sports Association (CYSA) – The formula for establishing the fee for the CYSA affiliates ball field light use is:

$$\text{Total Cost of Hours of Athletic Light usage during Primary Season} \times 50\% \text{ cost recovery} = \text{reimbursement to the City}$$
