

The Names and Faces Behind Chandler Water

Water Treatment

Chandler's Public Works and Utilities Department delivers 56 million gallons of drinking water every day to residents, industry and businesses.

In the coming weeks, the City of Chandler will begin mailing postcards to you, our water customers, inviting you to review our annual Water Quality Consumer Confidence Report found online at chandleraz.gov/waterquality.

Thanks to the efforts of those pictured here, Chandler continues to supply customers with drinking water that meets or exceeds all state

Water Quality

and federal water quality standards.

Visit chandleraz.gov/waterquality for more information. Taste Tip: As with many drinks, your tap water tastes best if it's chilled. So fill it and chill it! Visit tapintoquality.com/FAQs for more tips.
